

# Study at Dalian University of Technology

## 大连理工大学 Dalian University of Technology

### About DUT

Dalian University of Technology (DUT) is a national key university administrated directly under the Ministry of Education of China. It is sponsored by Project 211 and Project 985, and is selected into category A of World-class University Construction Plan. It has developed its international education and has established stable long-term cooperation with 251 well-known overseas universities and research institutions in 35 countries and regions.

### Long-term & short-term student exchange programs

#### Short-term Program: DUT China-Japan-ROK Student Exchange Program 2021

Welcome to DUT if you are available for one week! In 2019, we successfully held the DUT Sino-Japanese Student Exchange Program (SJ-SEP), which attracted more than 370 students and teachers from 27 Japanese universities, such as the University of Tokyo and Osaka University. Guided by disciplines, centering on majors, Chinese students and Japanese students studied together, making Japanese students have a profound experience in real Chinese classes, meanwhile, various extracurricular cultural and student exchange activities have been carried out.

In 2021, we are going to organize the DUT China-Japan-ROK Student Exchange Program. We welcome students from both Japan and Korea to DUT to experience Chinese style research, teaching and campus life.

**\* DUT is willing to take the desires of our overseas friendly universities into consideration, developing short-term student exchange programs with Dalian characteristics to satisfy the special needs. Please feel free to contact us at any time!**

### Long-term Program: Scholarships to Study at DUT

Welcome to DUT if you are available for three months!
