1. Arriving in Münster - Checklist of Administrative Tasks

1.1. University Registration and “Rückmeldung”

At the beginning of the semester, all international students must register at the Office of the Registrar (“Studierendensekretariat”), located in the main administrative building also known as “Schloss”. The central International Office will provide you with the date when to register at the Office of the Registrar. You must bring along the following documents:

- Admission letter
- Student I.D. card from your home university
- Proof of health insurance
- Passport or national identity card

Students who stay two semesters will have to renew their registration – also referred to as “Rückmeldung”. This entails a simple money transfer of the semester fee to the university’s account. The details are listed in the WWU online platform – the login details are provided during the initial enrolment.

1.2. Insurance

All students are required to have valid health insurance in order to register at the university. If no health insurance was procured ahead of time in the country of origin, health insurance can be obtained in Germany. In addition, it is recommended that third-person liability and repatriation costs are covered by the insurance policy.

1.3. Registering with the City

Within the first ten days of your stay in Münster, please report to the City Registration Office (“Amt für Bürger und Ratsservice”), Stadthaus 1, Heinrich-Brüning-Straße 7.
<https://www.stadt-muenster.de/buergerservice/meldeangelegenheiten>

In some cases, you may also have to go to the Immigration Office (“Rechts- und Ausländeramt”), Stadthaus 2, Ludgeriplatz 4 (Entrance Südstraße).
<https://www.stadt-muenster.de/auslaenderamt/startseite>

2. Academics

2.1. Important Dates

A continuously updated overview of important dates can be found here :

<https://www.wiwi.uni-muenster.de/fakultaet/en/international/incoming/studying/winter-semester-202223>

2.1.1. Orientation Week

The WWU truly values its international students and strives to make their transition to their new university as comfortable as possible. Therefore, both the WWU International Office and the School of Business and Economics host different orientation weeks for first-semester students. We really recommend taking part in the activities. Throughout these weeks you will get all the information you need to make your stay at the WWU and the School of Business and Economics in particular successful.

At the WWU level, there is an orientation week offered by our central International Office approximately three weeks before the start of classes – the exact dates will be provided to you by the ERASMUS office. In addition to the official welcome to the university, a variety of institutions of the University of Münster, such as the recreation division (“Hochschulsport”), the library and the cafeterias, are introduced. Furthermore, the orientation get-togethers provide an opportunity to answer any questions you may have about your studies at the University of Münster. You will also be provided with information on how to register with the city of Münster. Evening events are also planned. Typically, a tour of Münster's bars is part of the program as well as a regular meeting called "Stammtisch". You will receive the exact details of the welcome week program from the WWU ERASMUS office by email in advance.

The School of Business and Economic's Orientation Week (“O-Woche”) is organized by the Student Council (“Fachschaft”) and takes place expectedly in the week before the start of the lectures. Primarily degree students in their first semester take part in this week – however, for you as an international student it is a good way to get to know people and make friends. The detailed schedule will be posted well before the start of the semester on the Student Council's website: www.fachschaft-wiwi.ms .

2.1.2. Lectures and Exams

The academic year is divided into two semesters in Münster, officially encompassing October 1 – March 31 (winter semester) and April 1 – September 30 (summer semester). Classes and exams, however, are generally only held between mid-October and late February (winter semester) and early April to mid-August (summer semester). Each semester may be further divided into two terms, depending on the classes taken – i.e. some classes may last the entire semester, some only one term.

Generally, all term 1 classes feature an exam during the early exam period. Therefore, they are usually referred to as classes requiring an early registration ("vorgezogene Meldung") and are labelled as such in the listings posted by the Examination Office (sections "Prüfungsangebot" as well as "Prüfungstermine"). The list of exams offered in a particular semester as well as the exact dates of these exams will be posted on the Examination Office's website at: <https://www.wiwi.uni-muenster.de/pam/en> .

2.2. Courses and course registration

2.2.1. Classes

All German and English classes taught at the School of Business and Economics are listed here: https://www.wiwi.uni-muenster.de/fakultaet/en/international/incoming/Course_offerings. Course lists are continuously updated and posted here in case there are any changes.

All classes on offer at the University of Münster are listed in the university's online course catalogue which can be accessed through: <https://studium.uni-muenster.de/qisserver/rds?state=wtree&search=1&category=veranstaltung.browse&navigationPosition=lectures%2Clectureindex&breadcrumb=lectureindex&topitem=lectures&subitem=lectureindex>

Once you have followed the link "Course Catalogue" you can narrow down your search through either:

- Clicking on "Wirtschaftswissenschaften" (German version) or "Business and Economics" (English version) > choosing between B.Sc. und M.Sc. courses > selecting one of the various subdivisions.
- The search option ("Suche nach Veranstaltungen", "Search for Lectures") > typing in a course title or subject matter you are interested in.

Course descriptions of all School of Business and Economics classes are provided in our Study Guides which are available for download here: <https://www.wiwi.uni-muenster.de/fakultaet/en/international/incoming/studying> .

In general, Master students are allowed to take both Bachelor and Master courses. Bachelor-level students can choose from all Bachelor-level courses and several Master-level courses, depending on the current level of study.

More information can be found here: <https://www.wiwi.uni-muenster.de/fakultaet/en/international/incoming/studying/study-plan> .

If you have any questions about the courses, please refer to the professor's chair website or contact the secretary of the professor. Their contact information can be found at the chair's homepage. Just search the web for "WWU Münster" plus the name of the professor - or use the overview of our chairs at:

<https://www.wiwi.uni-muenster.de/fakultaet/en/school/areas> .

- Based on your interests or on the classes/professors found through the central course catalogue search for the pertaining professor's chair
- On the chair's website go to the rubric "Studieren" or "Studium" (German version), "Studying" or "Teaching" (English versions)
- Search for the classes ("Veranstaltungen") of the current semester and read through the course offerings provided – in most cases you will get a more detailed description (including date and venue, start and end dates)
- **Please note: As chairs usually only maintain their own sites the information posted here will be the most reliable and accurate and you should thus always check the chairs' websites!**

2.2.2. Registration for Classes

The following types of classes are offered at our school:

- Lectures: a professor provides an overview of a particular topic; unlimited number of participants; no registration required for class participation.
- Tutorials, Exercises: complimentary to a lecture; offers you the possibility to practice your skills and to discuss problems with fellow students; possibly registration during lectures.
- Seminars: a seminar entails a more in-depth discussion of topics; participants are required to give a presentation and/or write a research paper; registration through the respective chair; generally limited number of participants.

Depending on the type of class, you thus may or may not have to register for the participation in class in advance. You do however have to register each class and/or exams with our Examination Office ("Prüfungsamt") in order to be admitted to the exams and have the class included in your Transcript of Records – please see the instructions (2.2.3.) below.

The IRC will be happy to help you plan your schedule. We kindly ask you to think about classes you are interested in ahead of time. **Therefore, please prepare a draft of your schedule before you come to Münster, a template is attached.**

2.2.3. Registration for Exams and Withdrawal from an Exam Registration

The Examination Office ("Prüfungsamt") is the administrative body coordinating all exam-related issues at our school. Currently, the sign-up process for the exams for international students is getting rearranged. You will receive all the information soon on the website and by email.

However, you do not register for exams until after your arrival in Münster – unless you would like to participate in a seminar-type of class or a Business Skill course (called "Schlüsselqualifikation" in German) requiring prior application/registration. Once you are here all relevant details will be given to you.

Please notice, that if you realize at some point throughout the semester that you would like to withdraw from an exam you will have to officially deregister from it.

2.3. Language Courses

It is likely that you are interested in studying at the University of Münster not only to get to know a different perspective on academic questions, but also to improve your German language skills. We know that undertaking studies in a foreign language is not easy and that there is a big difference between academic language and the vernacular. Do not get frustrated if the first weeks in a seminar are difficult - over time you will certainly understand more.

In order to ease the challenges you might face, the University of Münster offers language courses at the university's Language Center ("Sprachenzentrum"). Most of these courses are free of charge. If you intend to take part in an intensive language course you need to attend the "C-Test". This small test will be available expectedly one week before the start of the lectures and then be available for some weeks.

Please refer to the central International Office's letter for the intensive language course dates. For further information please log on to this website: <https://www.uni-muenster.de/Sprachenzentrum/ldaf/>

2.4. Grading Scale

The German grading scale differs somewhat from other grading scales you may be familiar with. German universities use the following scale:

Approx. int. grade	A	A-	B+	B	B-	C+	C	C-	D+	D	FX	F
Münster Grade	1,0	1,3	1,7	2,0	2,3	2,7	3,0	3,3	3,7	4,0	5,0 failed	5,0 failed

Regular students in Münster mainly find their shared apartments on **wg-gesucht.de**. Frequently, there are rooms that are offered for a short-period (6 months). Many German students are open towards exchange students.

4.3. Living Expenses

You should budget about 700 Euros per month for rent, food, shopping, books, etc. Also, while the University of Münster does not charge any tuition fees, you will be charged approximately 300 EUR per semester, which also includes the so-called "Semesterticket". This ticket allows you to use all of the local buses and regional trains within the federal state of North Rhine Westphalia free of charge.

The initial face-to-face meeting of students and mentors will take place at an evening event at a pub 1 or 2 weeks before start of the semester. All international students and mentors are warmly invited to attend.

Additionally, the ISS hosts office hours during the beginning of the semester. Student volunteers will be happy to use their expertise to help international students prepare their class schedules. You find further information on the Language Center's website:

<https://www.uni-muenster.de/Sprachenzentrum/>

5.8. University's Athletics Department ("Hochschulsport" or HSP)

More than 90 different types of sports are offered at the university's gyms and swimming pools. Students and university employees can register to use these facilities. Every week more than 15,000 students take part in the varied programs offered by the university's athletics department (HSP). Choices include aerobics classes, beach volleyball, hockey, lacrosse and tennis.

The various sports are offered several times per week and during different times of the day in order to accommodate students' schedules. The university also arranges

an assortment of overnight athletic excursions, typically lasting one to two weeks. The most popular are canoeing, windsurfing, and ski trips. The registration forms for university athletics, as well as an overview of the athletic opportunities, can be found at: <http://hsp-ms.uni-muenster.de/>

The sport courses can be “booked” within the first weeks after the beginning of each semester. (You can find more information on the HSP website). Most courses are in very high demand, which is why one must be very fast in the booking process.

6. Travelling

6.1. "Semesterticket"

All students at the University of Münster must pay a "social fee" of approximately 300 EUR. This money is used to fund the student and social activities at the university, such as the cafeteria, sports and recreation facilities, the university kindergarten, and the student representation through AStA.

In addition, half the "social fee" includes the "Semesterticket". This semester ticket enables students to use all busses in Münster and regional trains (2nd class) in North Rhine Westphalia and as far as the Dutch border.

A map can be found here:

<https://www.asta.ms/images/Bilder/Service/Geltungsbereich-Seti-Bus.jpg>

<https://www.asta.ms/images/Bilder/Service/Geltungsbereich-SemT-Schiene.jpg>

Upon receipt of the "social fee," which must be transferred to the university's banking account after matriculation at the University of Münster, students can download their semester ticket in the SelfService portal: <https://zividp.uni-muenster.de/idp/profile/SAML2/POST/SSO?execution=e1s1> .

If you want to ride further than the area covered by the semester ticket, you must buy an additional ticket in advance for the remainder of your route.

6.2. Travelling around Münster

Münster is the bicycle capital of Germany. That is why the most common way to get from one place to the other is to ride the bike. If you are interested in buying one you can look for used bikes at:

- www.nadann.de
- www.wochenschau-muenster.com
- <https://www.ebay-kleinanzeigen.de/>

New and sometimes also used bikes can be bought in one of the several bicycle shops all around the city. Here is a selection of downtown shops:

Drahtesel

Servatiiplatz 7

<http://www.drahtesel-muenster.de/>

Radschlag

Geiststr. 48

<http://www.hollandrad-spezialist.de/>

Velofaktur

Grevener Str. 61b

<http://www.velofaktur-muenster.de/>

In addition to that, there exist flea markets where one can buy second-hand bikes. It is cheaper than a new bicycle and does not attract as many thieves. The biggest and most popular flea market is the so called “fietsenbörse” nearby the harbour: <http://www.fietsenboerse.de/>.

You can also rent a so called “Swapfiets”. Swapfiets is a monthly subscription for which you pay a giving fee and are able to rent a bike and use it as your own. For more information about it, please refer to their website: <https://swapfiets.de/en/>

As long as you do not have a bike you can take the bus. For the bus schedule please refer to this website: <https://www.stadtwerke-muenster.de/privatkunden/mobilitaet/fahrplaninfos.html#c26896>
... or use the App “Fahrplan MS”.

6.3. Travelling around Germany

As already mentioned, the semester ticket allows you to travel around North-Rhine-Westphalia by bus or by train. The train system in Germany is very good. Tickets can be purchased on the internet. If you are travelling in a group also look at group prices. For the bus and train schedules please refer to:
www.deutsche-bahn.de
<https://www.flixbus.de/>

If you plan on going on a trip for several days, you can also rent a car. These are some links to car rental services in Germany:
www.sixt.de
www.enterprise.de
www.europcar.de

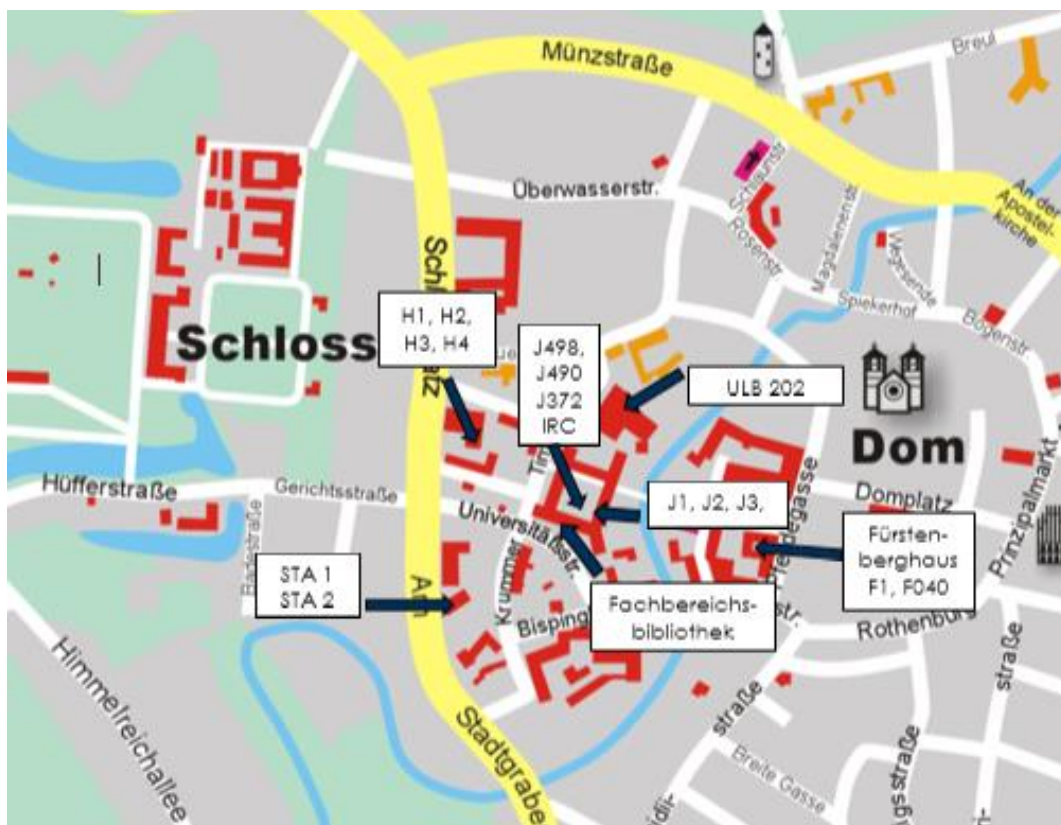

Sometimes people offer a ride from one place to another. For ride offers look at:
